

“Plant your Hope with Good Seeds”

Cyanotype- a photographic printing process, watercolor paper,
various found thistles and weeds
21” H x 17” W

This is an image of my niece Hanna. It was taken when she visited us the summer of 2019 when she attended a modeling camp. She was talented in so many ways, especially in the visual arts and fashion.

The title of the piece comes from a song by Munford and Sons-“Thistle and Weeds”.
